Front Fork Guard Brackets

A Fork Guard Bracket is an optional part that mounts to the lower bolt of the fork guard helping to secure the fork guard due to the added stresses induced by any starting device on the plastic fork guard. Brackets are not required, but are recommended.

LOCATION 1 = Recommended location if using only 1 Fork Guard Bracket - Use this part number

LOCATION 2 = If using 2 Fork Guard Brackets, this is the part number needed for 2nd location mounting
